

BELLMOUTH

The Powerhowse Bellmouth are New Zealand made, from cast aluminium and powder coated to provide a clean finish.

Designed to protect your cable at entry of your conduit providing a smooth surface than the sharp edge of the duct. Split to come apart and allow the Bellmouth to be removed easily from the cable and conduit to be re-used for the next job.

Sizes shown in the table below are the Outside Diameter (OD) of the neck of the Bellmouth. To work out which Bellmouth is best for your job you will need to know the Internal Diameter (ID) of your duct\conduit.

CODE	DESCRIPTION	TYPE	NECK OD	NECK ID	DIMENSIONS L x W x D	WEIGHT
30000	40mm Bell Mouth	Short Neck	44mm	34mm	120 x 115 x 115	0.5kg
